ANTELOPE VALLEY HOSPITAL FREE HEALTH LECTURE FAST-MAG Research Study Informational Meeting

WHAT: Antelope Valley Hospital (AVH) Community Health Education Lecture Series presents “***Field Administration of Stroke Therapy – Magnesium Study (FAST-MAG) Trial Informational Meeting,***” presented by Jeffrey Saver, MD and Sidney Starkman, MD. Drs. Saver and Starkman will educate our guests about the latest information on strokes including warning signs and treatment options. They will also discuss the National Institute of Health’s FAST-MAG trial. This trial is testing whether the administration of magnesium sulfate is helpful to patients at the first signs of stroke. Detailed information and handouts will be provided.

WHO: Jeffrey Saver, MD
Sidney Starkman, MD

WHEN: Thursday, May 8, 2008
6:30 – 8:00 pm

WHERE: Antelope Valley Outpatient Imaging Center
44105 N. 15th Street West,
4th floor – Conference Room 15
Lancaster, CA

WHY: The Antelope Valley Hospital (AVH) free community health education lecture series are led by some of the Antelope Valley’s most respected medical specialists. Participants will learn about up-to-date information on a variety of current health issues. Attendees will also have the opportunity to meet and talk with the AVH physicians who treat these conditions every day.

All lectures will be held on select Thursdays of each month.
Reservations are required for the free lectures – call **(661) 726-6499** to reserve your spot. For a complete list of the lectures, please go to www.avhospital.org

RSVP: Karen Shea, director of marketing and public relations at AVH
